Subject: Documents and Information Requested

Dear Ms.Enck and Staff,

It was a pleasure to meet with you and your staff yesterday. Attached are the documents requested,specifically,the AES letter to the Municipality of Guayama and the Statement (Ponencia) of Comite Dialogo Ambiental,Inc.concerning proposed legislation on coal ash pending before the Puerto Rico Senate. With respect to the contractors who have used most of the coal ash,in addition to Engineer Juan Rodriguez-Claudio, AES Puerto Rico,L.P.was the contractor in 2 large projects, the AES water well field site and a road construction site in Guayama. A company known as Vives Construction, owned by Guillermo Lopez has also used the ash in various construction projects, as well as the Municipality of Guayama prior to adopting the Ordinance prohibiting its use in the Municipality.

Please let me know if you require any further information.

Cordiially,

Ruth
